

Chapter AF, Moorestown Music Video Lyrics

Sung to the tune of '*Mame*'

You coax the smiles right onto our face, sisters.
You charm our friends with greetings and grace, sisters.
You've got the students dancing when they receive the scholarships and grants.
The whole philanthropy's hummin'
since seven sisters gave us all a chance.

You make our friendships easy to grow, sisters.
You give our spirits reason to glow, sisters.
You make the marguerites blossom with objects and aims that we share.
Our mission-so important,
In helping bright young women grow,
Promoting future leaders, too.
